

again and went to the stands with my hubby and cried. That was a really happy cry.”

Allen plans to rest her knee this summer and hopes to compete in Oberstdorf again. Until then, she has time to savor

**I didn't expect to stand on the podium again and went to the stands with my hubby and cried.” — Terryll Lee Allen**

her 2007 experience and also one very special souvenir: The top three finishers in each event in Germany received a trophy, while the other competitors were each given a medal for participating. “I thought this would be a medal year for me and was looking forward to a last- or maybe second-to-last place finish and getting a medal,” Allen said. “But instead I was on the podium with a trophy.”

#### AT A GLANCE

*Some competition highlights included:*

- Joel Mangs of the Netherlands posted the highest total score of the event with a 53.79 in Masters Men I. Mangs executed a three-jump combination: double flip-double toe-double loop.
- Luc Bradet of Canada executed a triple toe loop and won gold in Masters Men II.
- Natalie Shaby of the United States posted a total score of 52.64, the highest for the ladies events, to win the Masters Elite Ladies II event. She landed a double Axel and a double Lutz-double loop combination.
- Jan Calnan and Stephane Vachon of Canada landed a throw double loop and compiled a total score of 53.11 to capture the Masters Pairs event.
- Isabelle Setzkorn and Lambert Setzkorn of France won gold in the gold-level free dance.
- The Finnish Synchro team Creme Dements won the synchronized skating event.

## A tradition of innovation

Edge Enhancement Technology (E-X-T) is a revolutionary hardening process introduced by Ultima after years of research and development.

The E-X-T process produces harder edges, extending edge life significantly over the blades of our competitors – creating a real competitive edge.
